MOTIVATING MESSAGES FROM SOME OF OUR WONDERFUL GRADUATES !

"Whenever I talk about RAKMHSU, the tinge of nostalgia instills me with numerous emotions and all I can do is take a walk down that memory lane accompanied by happy tears and sad smiles. I am currently in my first year of residency at Dubai Health Authority. I will forever be grateful to our faculty, who cared deeply about imparting a profound interest in medicine and in developing our critical thinking abilities beyond what we would have imagined to be our natural limits."

Crystal Sharon Danthi, RAKCOMS 2017 Graduate

"It is not easy to express my feelings about a place that has given me so many precious moments as well as valuable knowledge, and a great beginning to a career that I will cherish long into the future. The RAKMHSU family will forever remain in my heart, and the experiences that it gave me will help me surf through life with confidence. I advise the current and prospective students to enjoy every moment and live to the maximum, because the memories of such moments will last forever."

Ahmed Jasim, RAKCOPS 2017 Graduate

"I graduated from RAKCOPS with an excellent grade in my B.Pharm. in 2014. I am currently a registered, qualified and competent pharmacist in the Ministry Of Health, and proudly work in the Ministry, representing my dear professors. After two and half years of implementing my knowledge, I came back to RAKCOPS to continue my career journey. YES, I'M BACK WITH PLEASURE! I am now a post-graduate student of Clinical Pharmacy in RAKCOPS. Life is short... always make your mind and heart healthy with knowledge. Love your patients, feel your profession, understand and believe that patients are waiting for an excellent, responsible and empathic health care provider. They need you to live their lives happily and healthy. So be there with a smile for them."

Khadija Humaid Alnaqbi, RAKCOPS 2014 Graduate

"I completed my postgraduate program (MSN) at RAKCON in 2017, where I got the required knowledge and experience. I would like to say that my two years at RAKMHSU have been one of the best periods in my life. Yes, it was too short and condensed for studying, but full of experience and achievements. There are many good things to say about RAKMHSU, including the outstanding library, computer services, club activities, and many more. To my juniors, "It is essential to set a goal for your stay in RAKMHSU. Keep it in mind, and you will never waste this time. Good luck!"

Sultan Nayif Sultan, RAKCON 2017 Postgraduate
