**Program Duration:** The MBBS program is of five years duration. After graduation, one year internship is required as per the guidelines of the Ministry of Health & Prevention (MOHAP) to practice medicine in the UAE.

\* RAK College of Medical Sciences (RAK COMS) is listed in the World Directory of Medical Schools <http://www.wdms.org> The World Directory provides a comprehensive compilation of the information previously contained in the IMED and Avicenna directories.

## Highlights

The MBBS curriculum fosters critical thinking and active learning. This is delivered through a preclinical curriculum that has been designed to integrate the different basic science courses to help students develop their clinical decision making abilities through active learning sessions like Team Based Learning, Case Based Learning and Self Directed Learning.

This is followed by a three year clinical clerkship training in teaching hospitals, where different types of teaching methods are used to achieve the learning outcome.

Students come from diverse backgrounds and challenges- yet when they graduate they will be equipped with several skills in critical thinking, problem solving and in excellent communication.
