

ABOUT RAKMHSU

RAK Medical and Health Sciences University is a comprehensive Health Sciences University established in 2006 and owned by the Government of Ras Al Khaimah. With the support and guidance from His Highness Sheikh Saud Bin Saqr Al Qasimi, Supreme Council Member and Ruler of Ras Al Khaimah, RAKMHSU has grown from strength to strength in the last 19 years with more than 3152 graduates. RAKMHSU has become a place of not only academic reputation but also of cultural integration.

RAKMHSU collaborates with health authorities and regulatory bodies in the United Arab Emirates to enhance the provision of health services, education, and research. This initiative fosters mutual benefits through partnerships with hospitals and health institutions. In alignment with the UAE's strategic initiatives, we have expanded our offerings in postgraduate programmes such as micro-credential, Diplomas, Master's degrees, and PhDs. Notably, this year, we introduced the Master of Science in Clinical Education, which is mainly focused on strengthening capacities for residency education in UAE and the region.

ABOUT CHWD

The Center for Health Workforce Development (CHWD) at RAKMHSU is a regional hub dedicated to strengthening the health workforce through competency-based education, applied research, and professional development.

CHWD designs and delivers postgraduate programs, micro-credentials, leadership pathways, and continuing professional development initiatives aligned with national and global workforce frameworks. The Center works closely with ministries, academic institutions, and international partners to support workforce readiness and health system transformation.

AWARD LEVELS

Progress through the program at your own pace, earning recognized academic milestones along the way:

- Certificate of Completion – 3 CH/module
- Postgraduate Certificate – 18 Credit Hours
- Postgraduate Diploma – 24 Credit Hours
- Master’s Degree – 30 CH coursework + 6 CH thesis.

TEACHING FACULTY

Expert educators and leaders from the UAE, region, UK, Canada, USA, and beyond bringing in a blend of diverse expertise and experiences.

WHY CHOOSE US?

- First of its kind in UAE and the region.
- Comprehensive coverage addressing the needs of educational leaders and educators.
- The program is linked to a funded research project on residency education supporting the informed selection and implementation of dissertation topics.
- An innovative approach focused on reflection and problem solving to practically support improvements in clinical education.

PROGRAM OVERVIEW

The MCE program is designed to equip healthcare professionals to lead and enhance clinical training and residency education at large. The program:

- Bridges gaps in medical education competence for successful leadership and delivery of clinical education
- Focuses on a wide range of capacities and issues pertaining to clinical education and residency governance and management
- Features a flexible modular approach in structure and delivery with progressive award from certificate to full masters
- Emphasises innovation and interlinkages between pedagogy, practice, and research.
