Enter the valid Email ID and set Password

- **Choose forgot password,** then choose Email & set new password
- Remember your password, it's important to log in your DigiAssess exams
- Use SSO login for daily use
- Click Remember Me &
- Agree to Terms & Conditions.

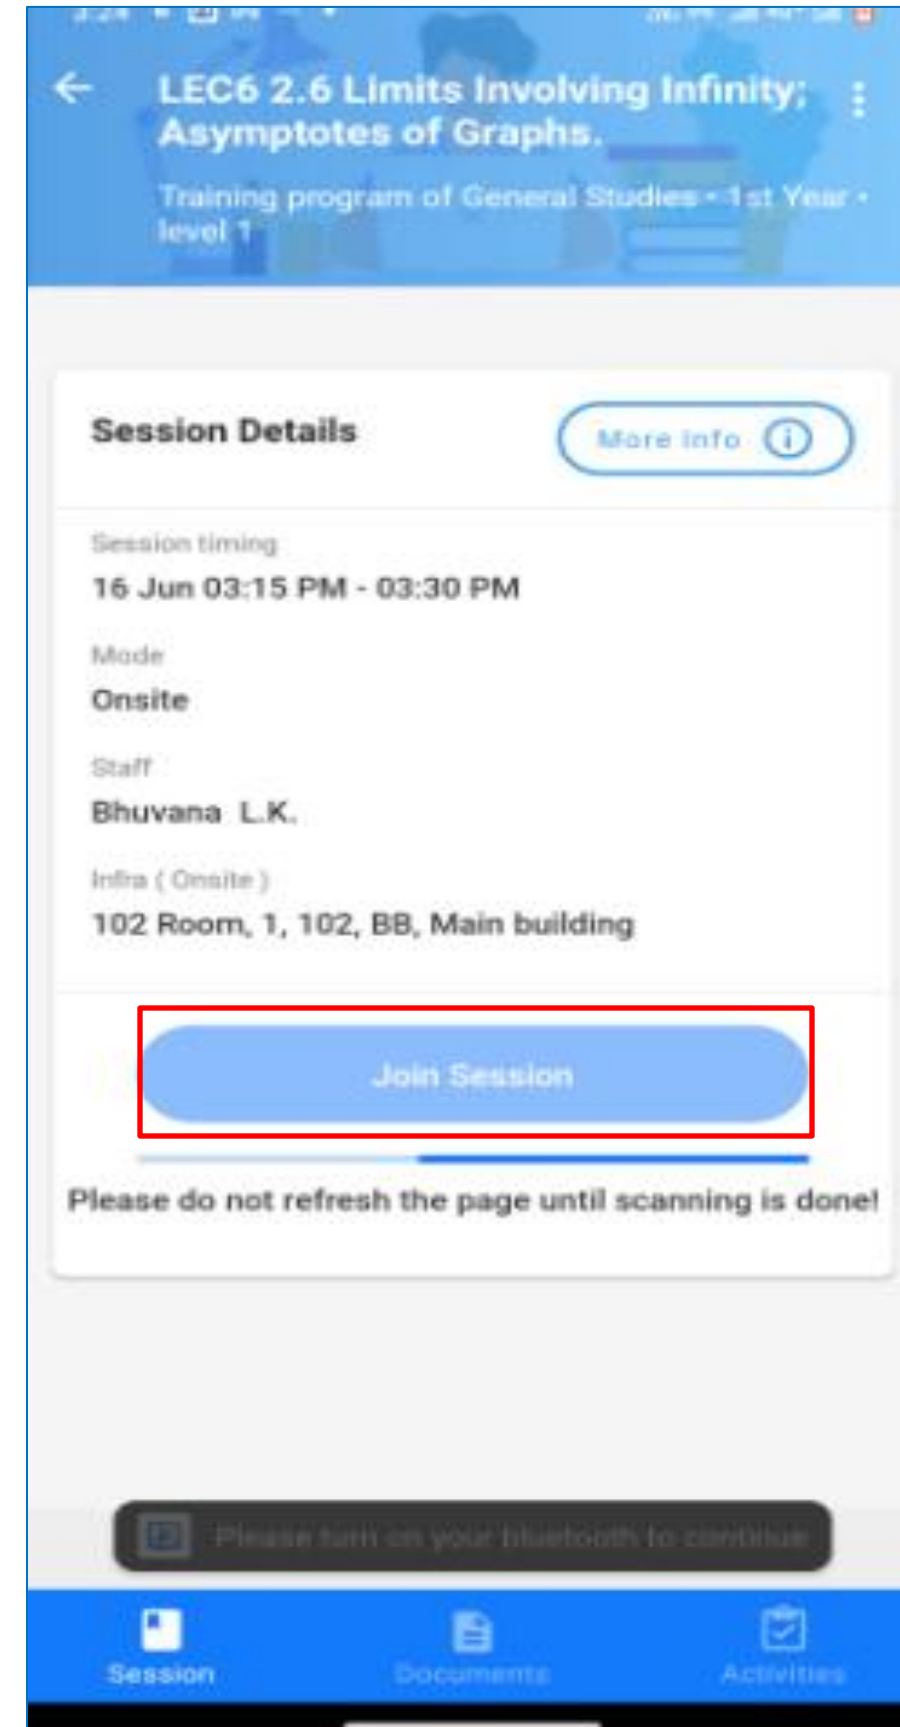

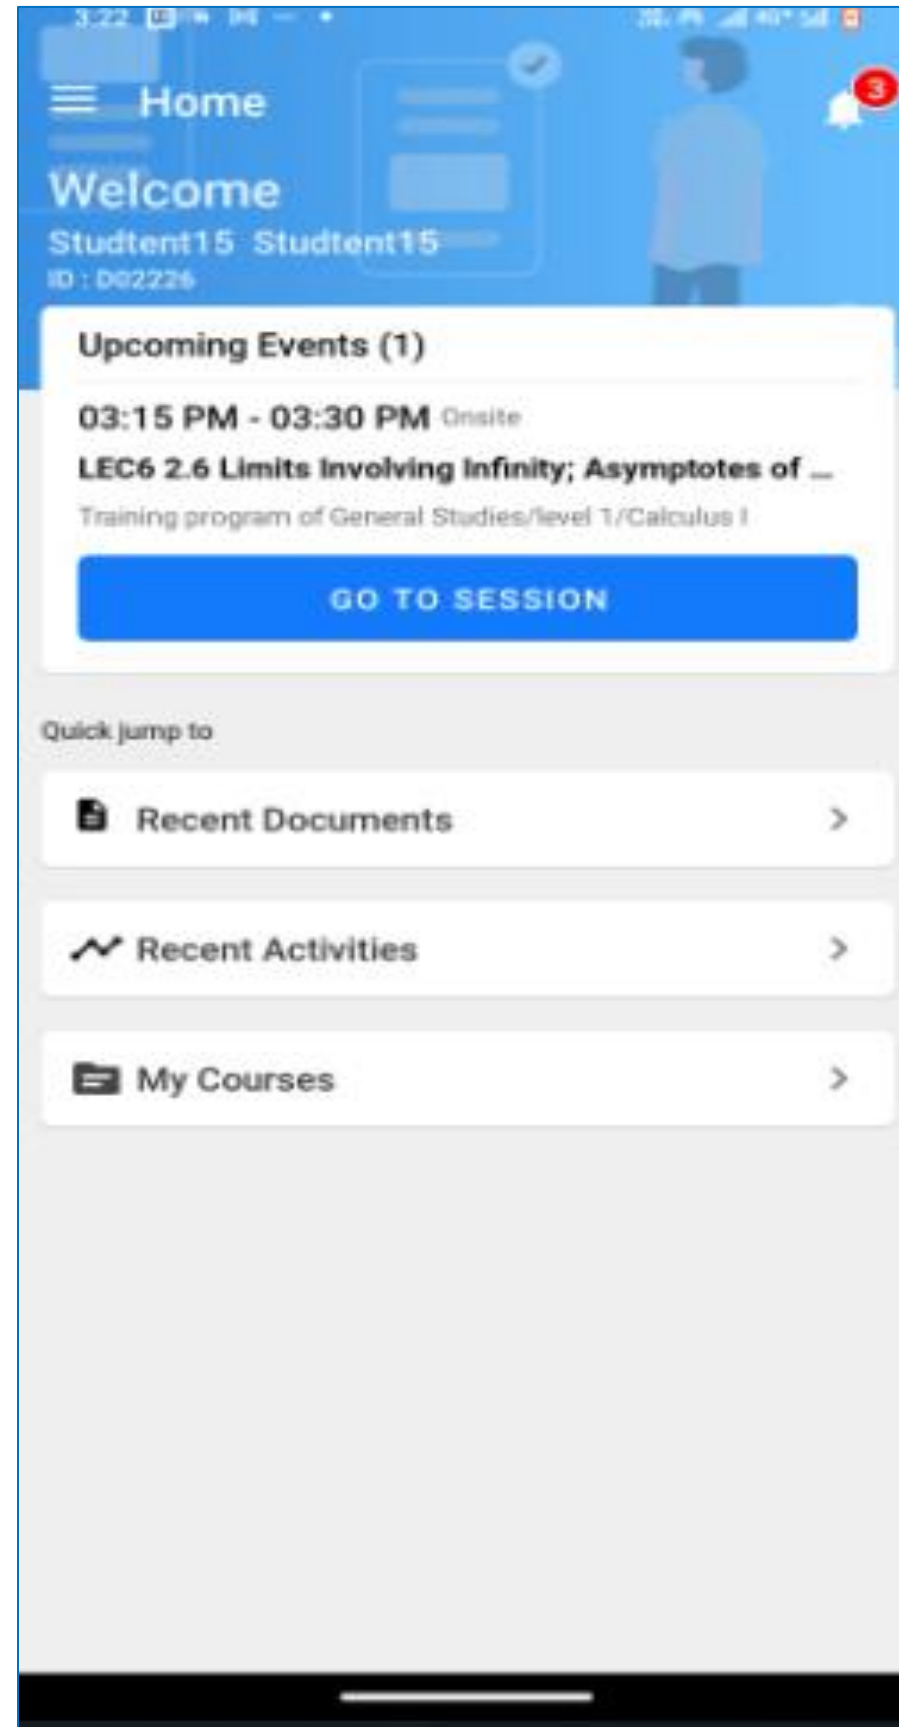

The image shows a login interface for 'DigiClass'. At the top, the 'DigiClass' logo is displayed. Below it, the word 'Login' is written in blue. To the right of the text is a circular institutional seal. The form contains two input fields: 'Email' with a placeholder 'Student College Email' and 'Password' with masked characters and a toggle icon. A red rectangular box highlights the 'Forgot Password?' link. Below the password field is a blue 'Login' button. Underneath the button is the text 'Or' and a 'Login via Teams' button featuring the Teams logo. At the bottom of the interface, a copyright notice reads '© 2025, DigiVal IT Solutions. All rights reserved.'

How to see My Courses!

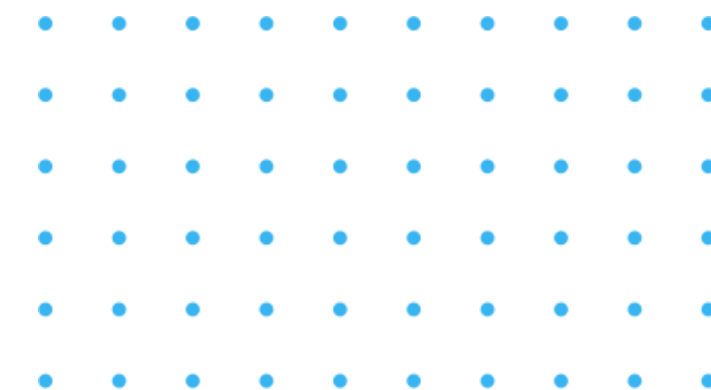

Go to My
course

A smart dashboard that gives an overview of the list of courses assigned to student.

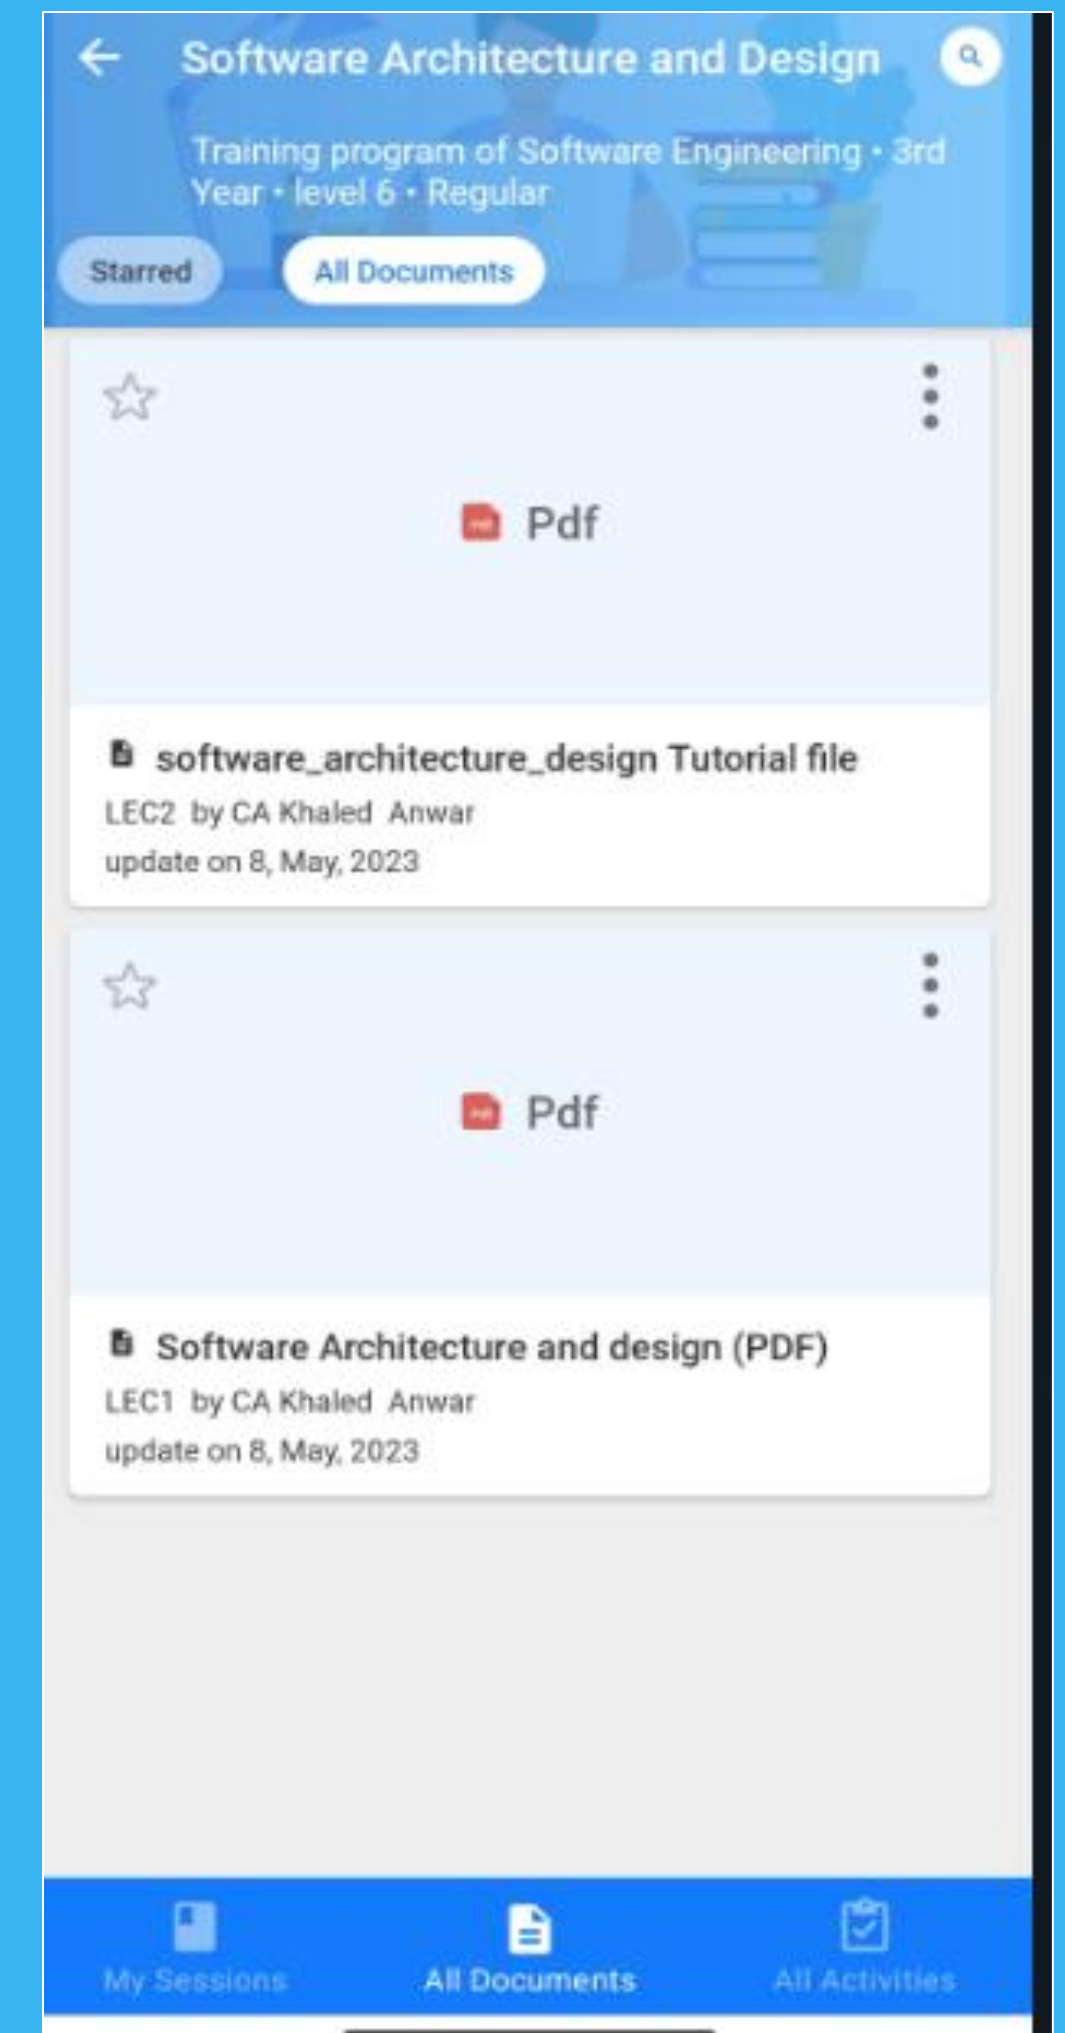

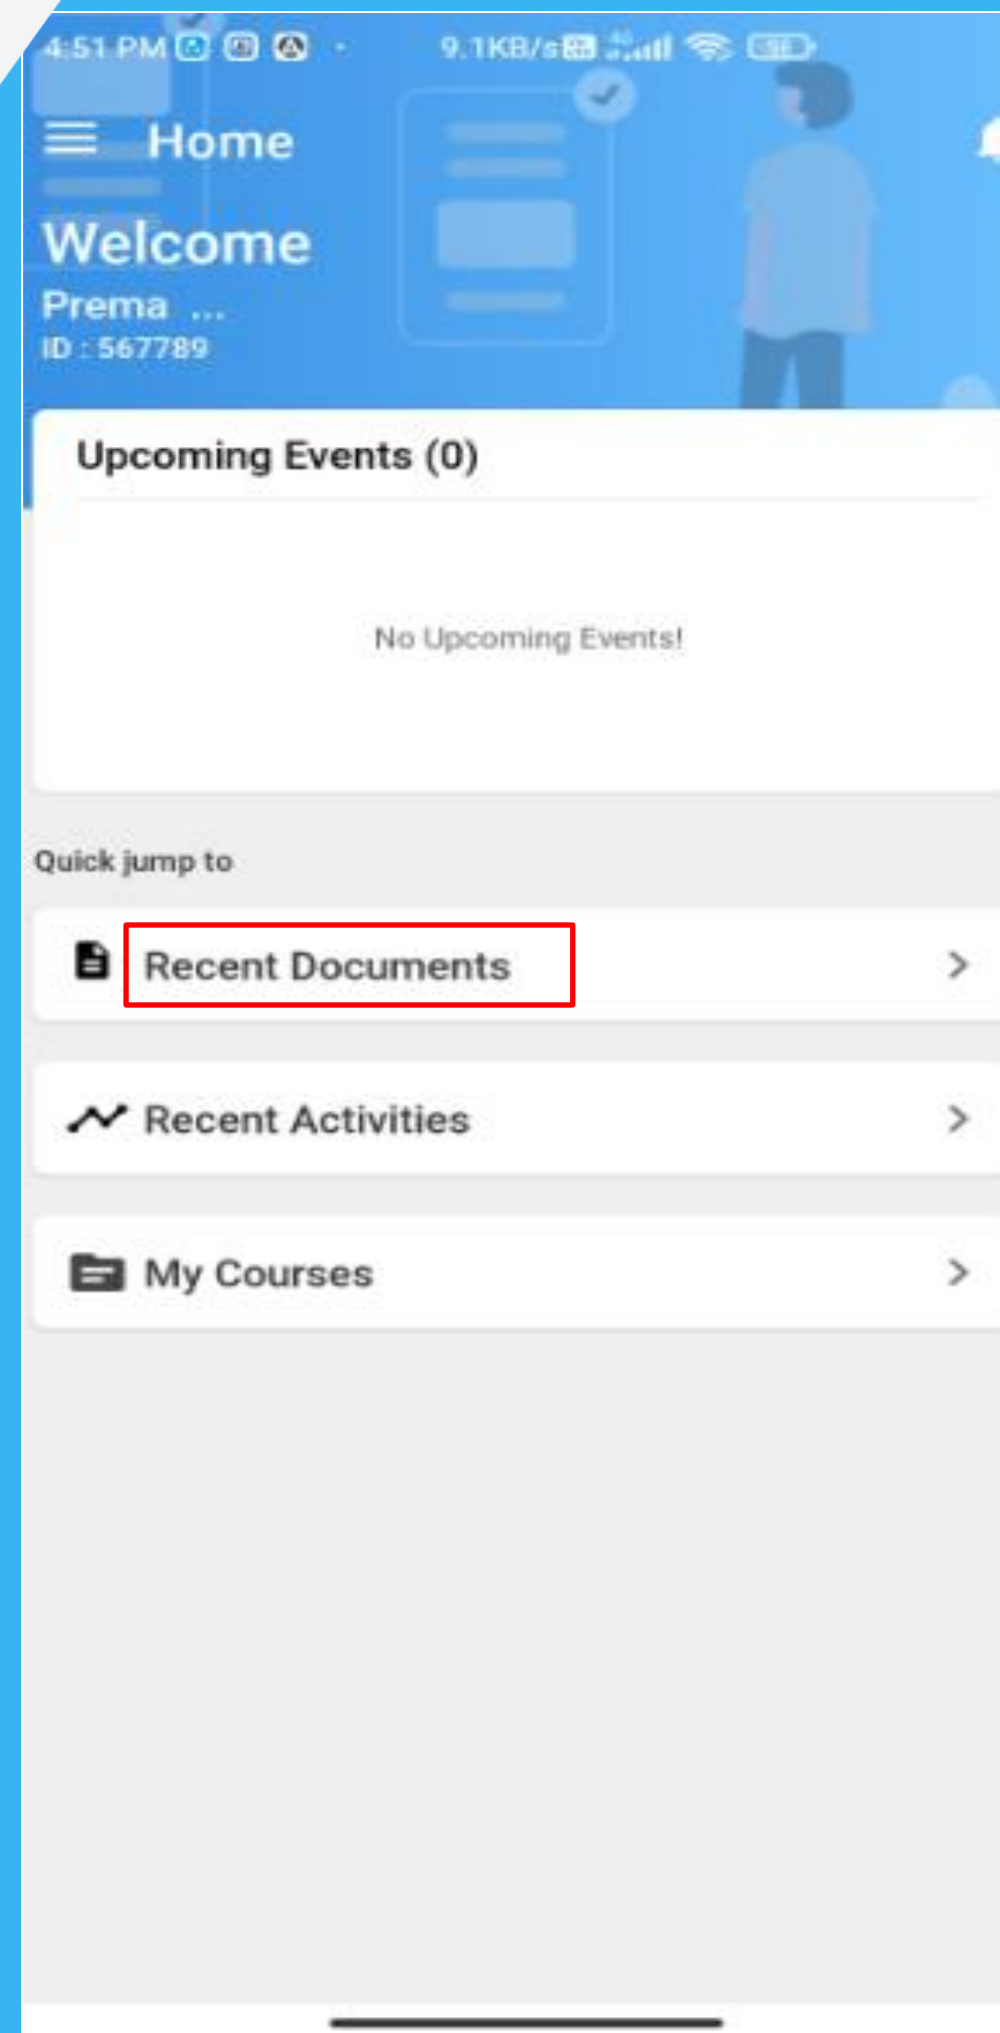

- Within the course, you can access detailed information regarding session topics
- Including the status of **Present or Absent** and the number of sessions that have been missed.
- Additionally, you can view which staff members are responsible for conducting each session.

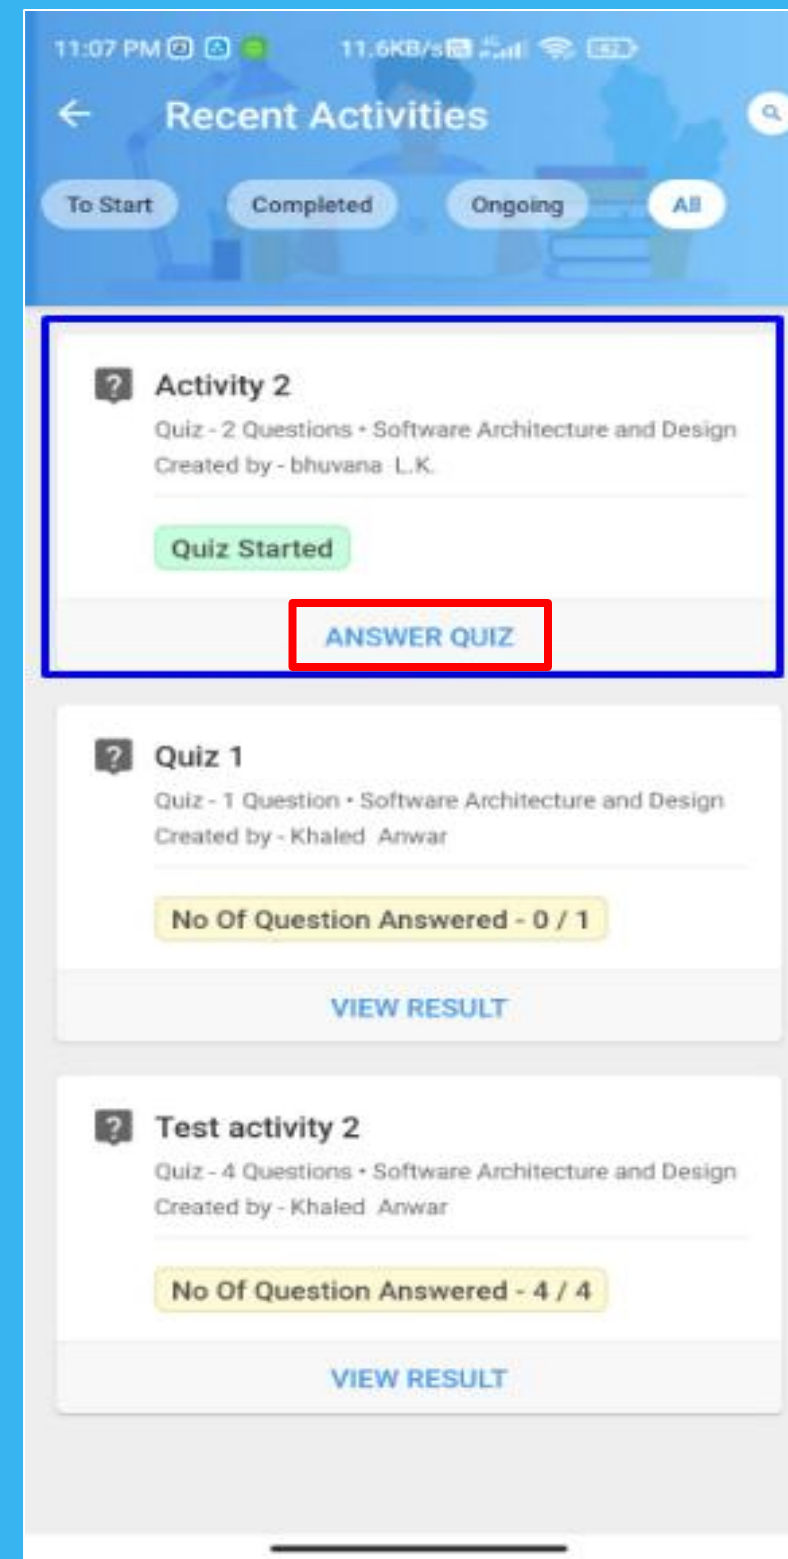

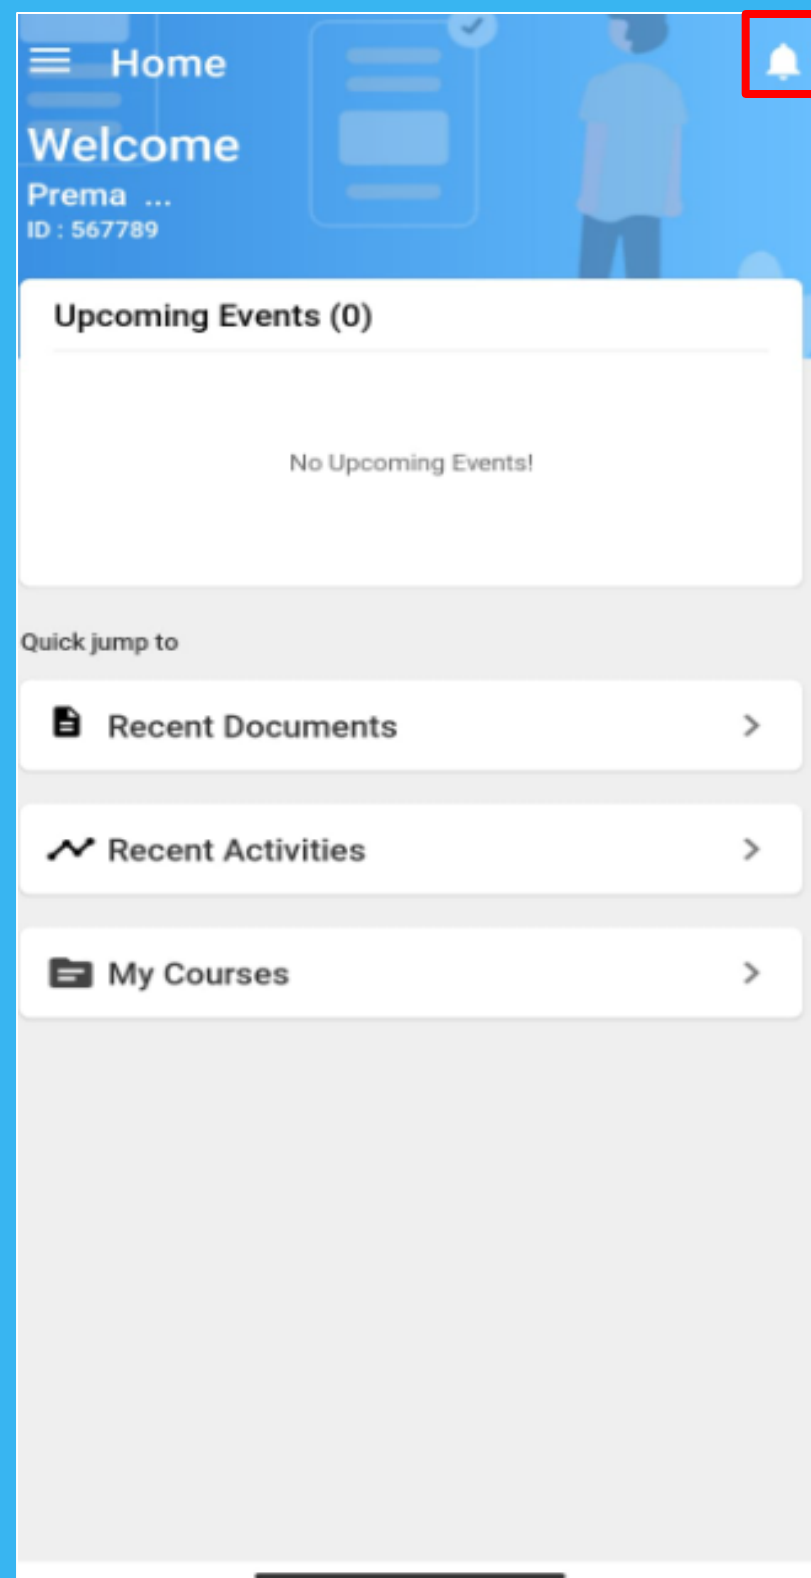

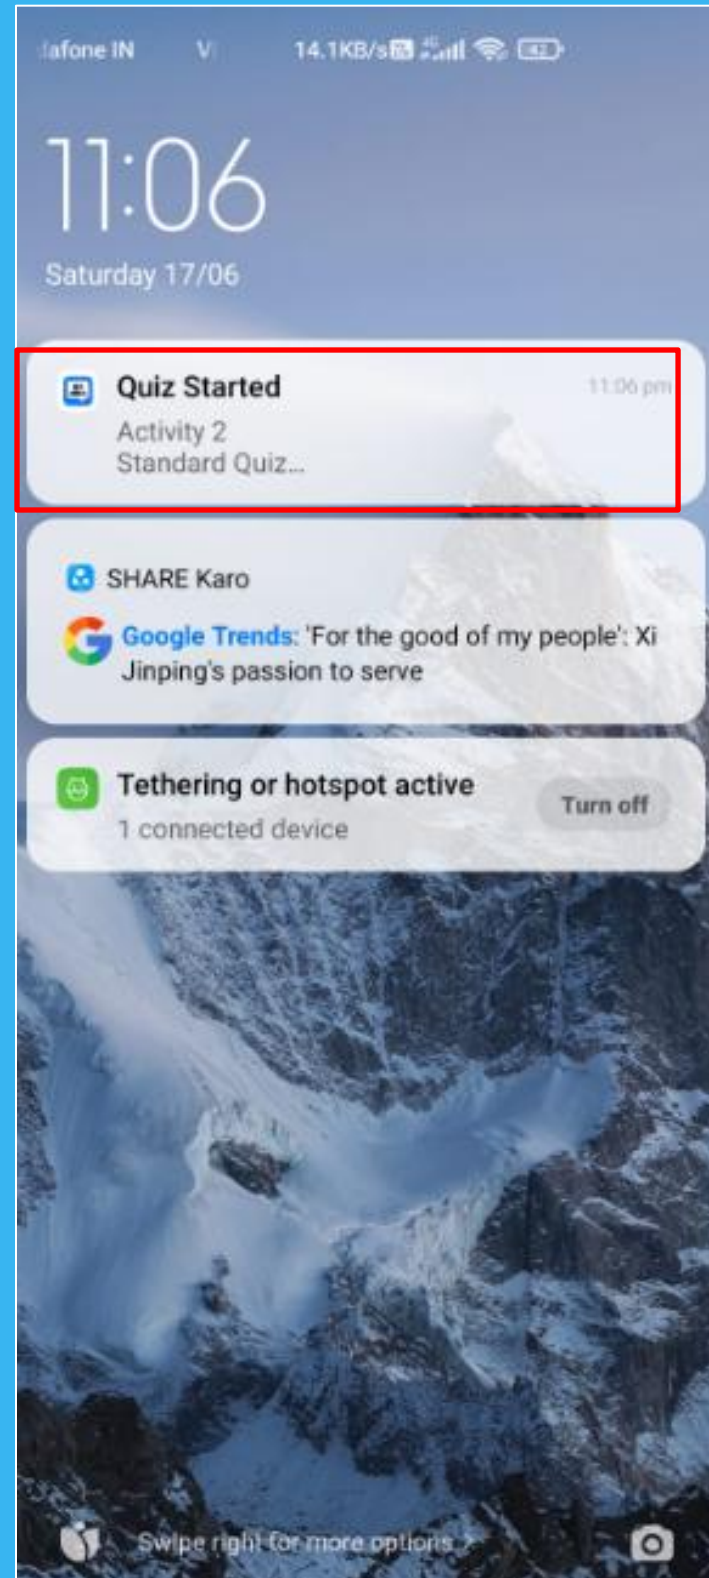

How to view Documents!

You can view all the documents that have been uploaded by the staff members, specifically related to each session.

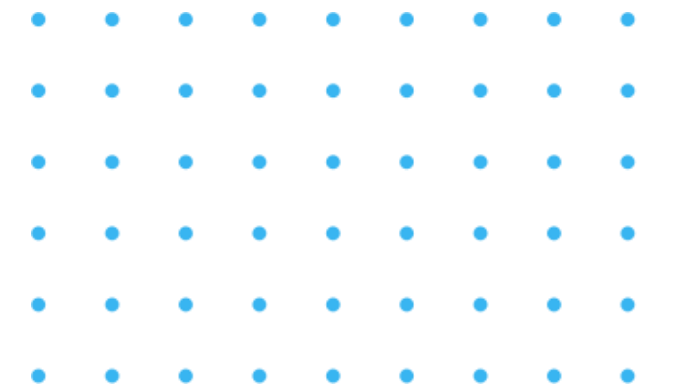

How to attend quiz Activity!

When the staff initiates a quiz, students will receive a notification.

They can then navigate to the activity page to answer the quiz.

Help

Once the staff ends the quiz, students can view the **Learning Outcome Report** to see their performance in comparison to cohort. Click on Quiz to see your answers and where you made mistakes.

Find the domain and range of

$$f(x) = 5 + \sqrt{2 - x}$$

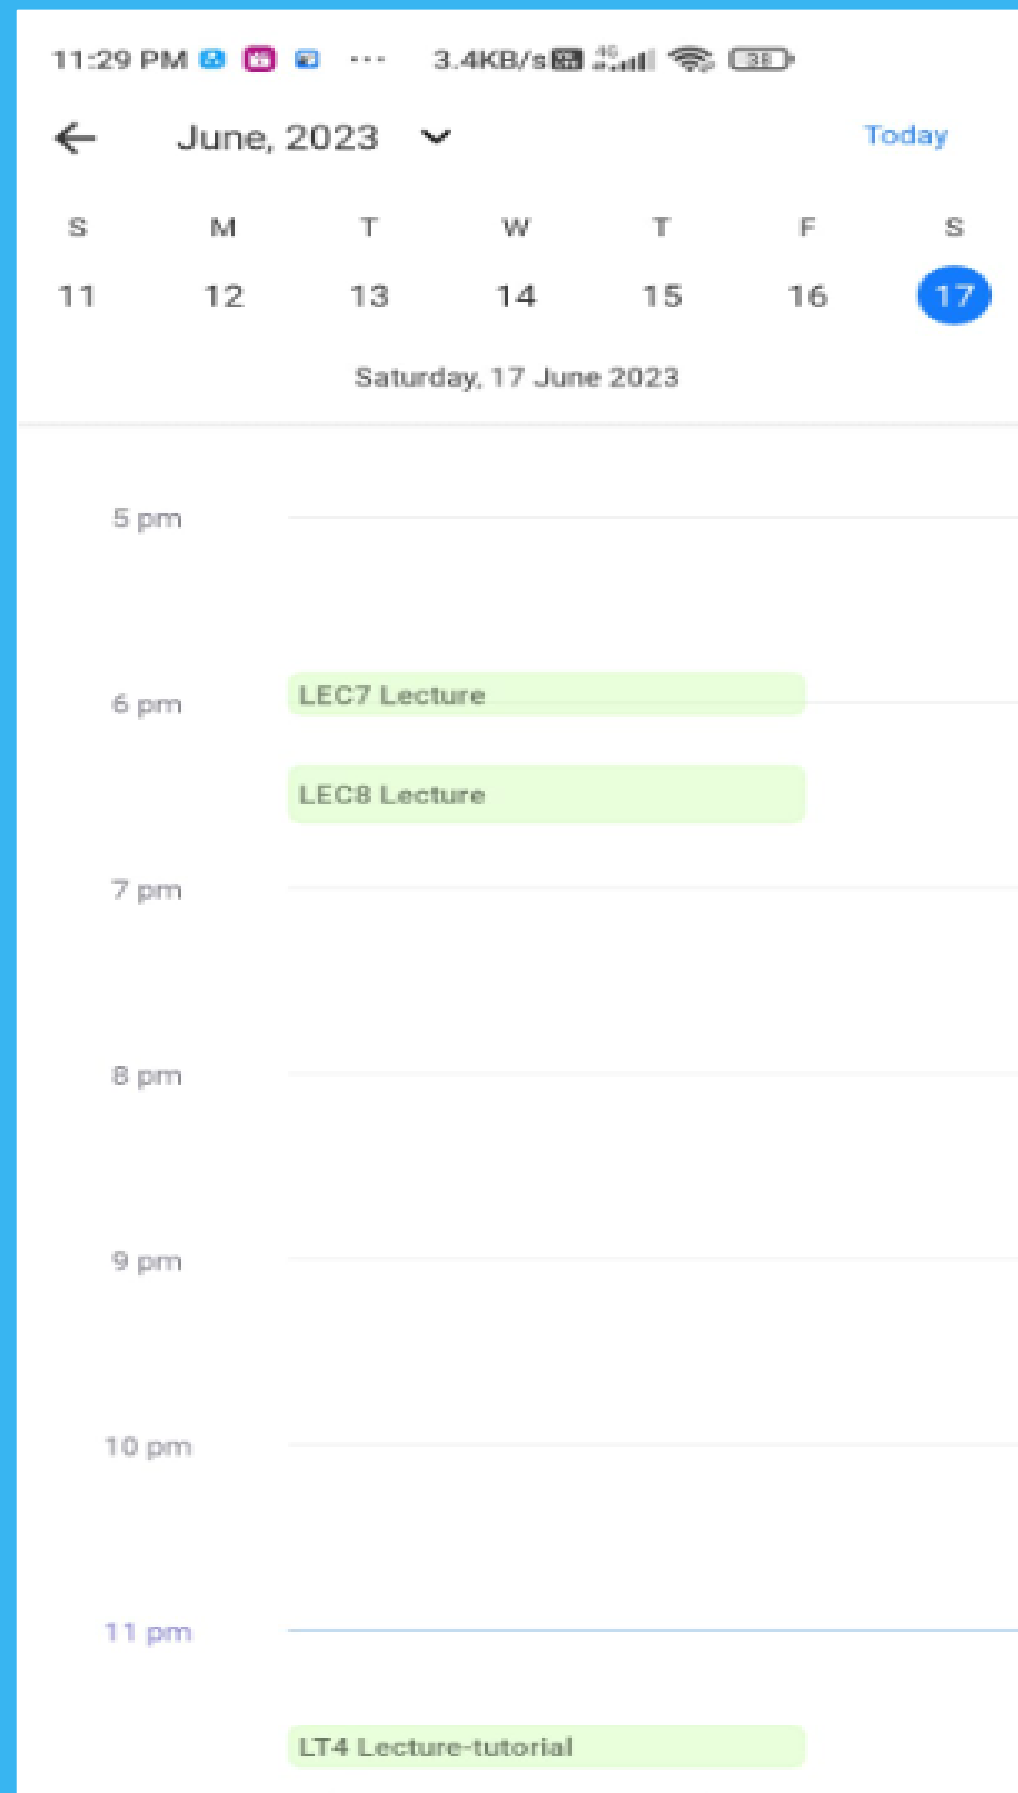

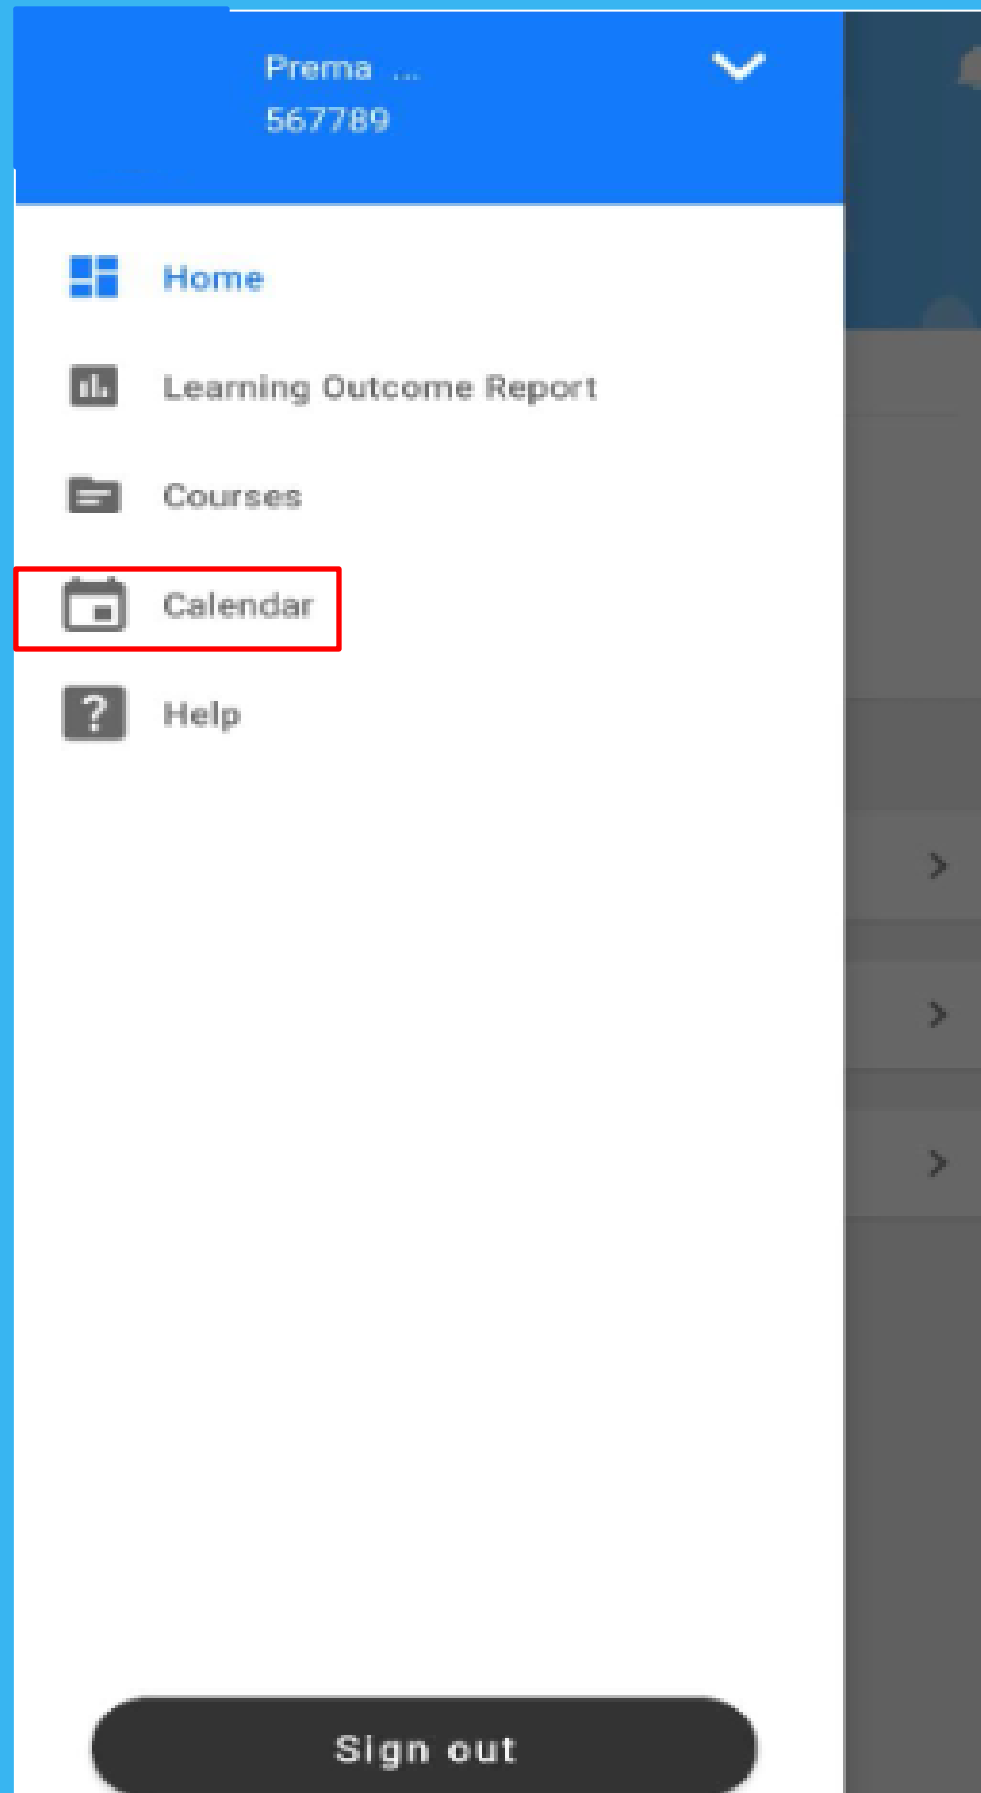

Domain $[2, \infty)$, and range $[0, \infty)$.

Domain $[2, \infty)$, and range $[5, \infty)$.

Domain $(-\infty, 2]$ and range $[0, \infty)$.

Domain $(-\infty, 2]$ and range $[5, \infty)$.

How to use the Calendar feature!

Students can utilize the calendar menu to view all upcoming scheduled sessions in a convenient calendar view.

This allows them to easily keep track of their upcoming sessions and plan their schedule accordingly.

Click on the session and see details.

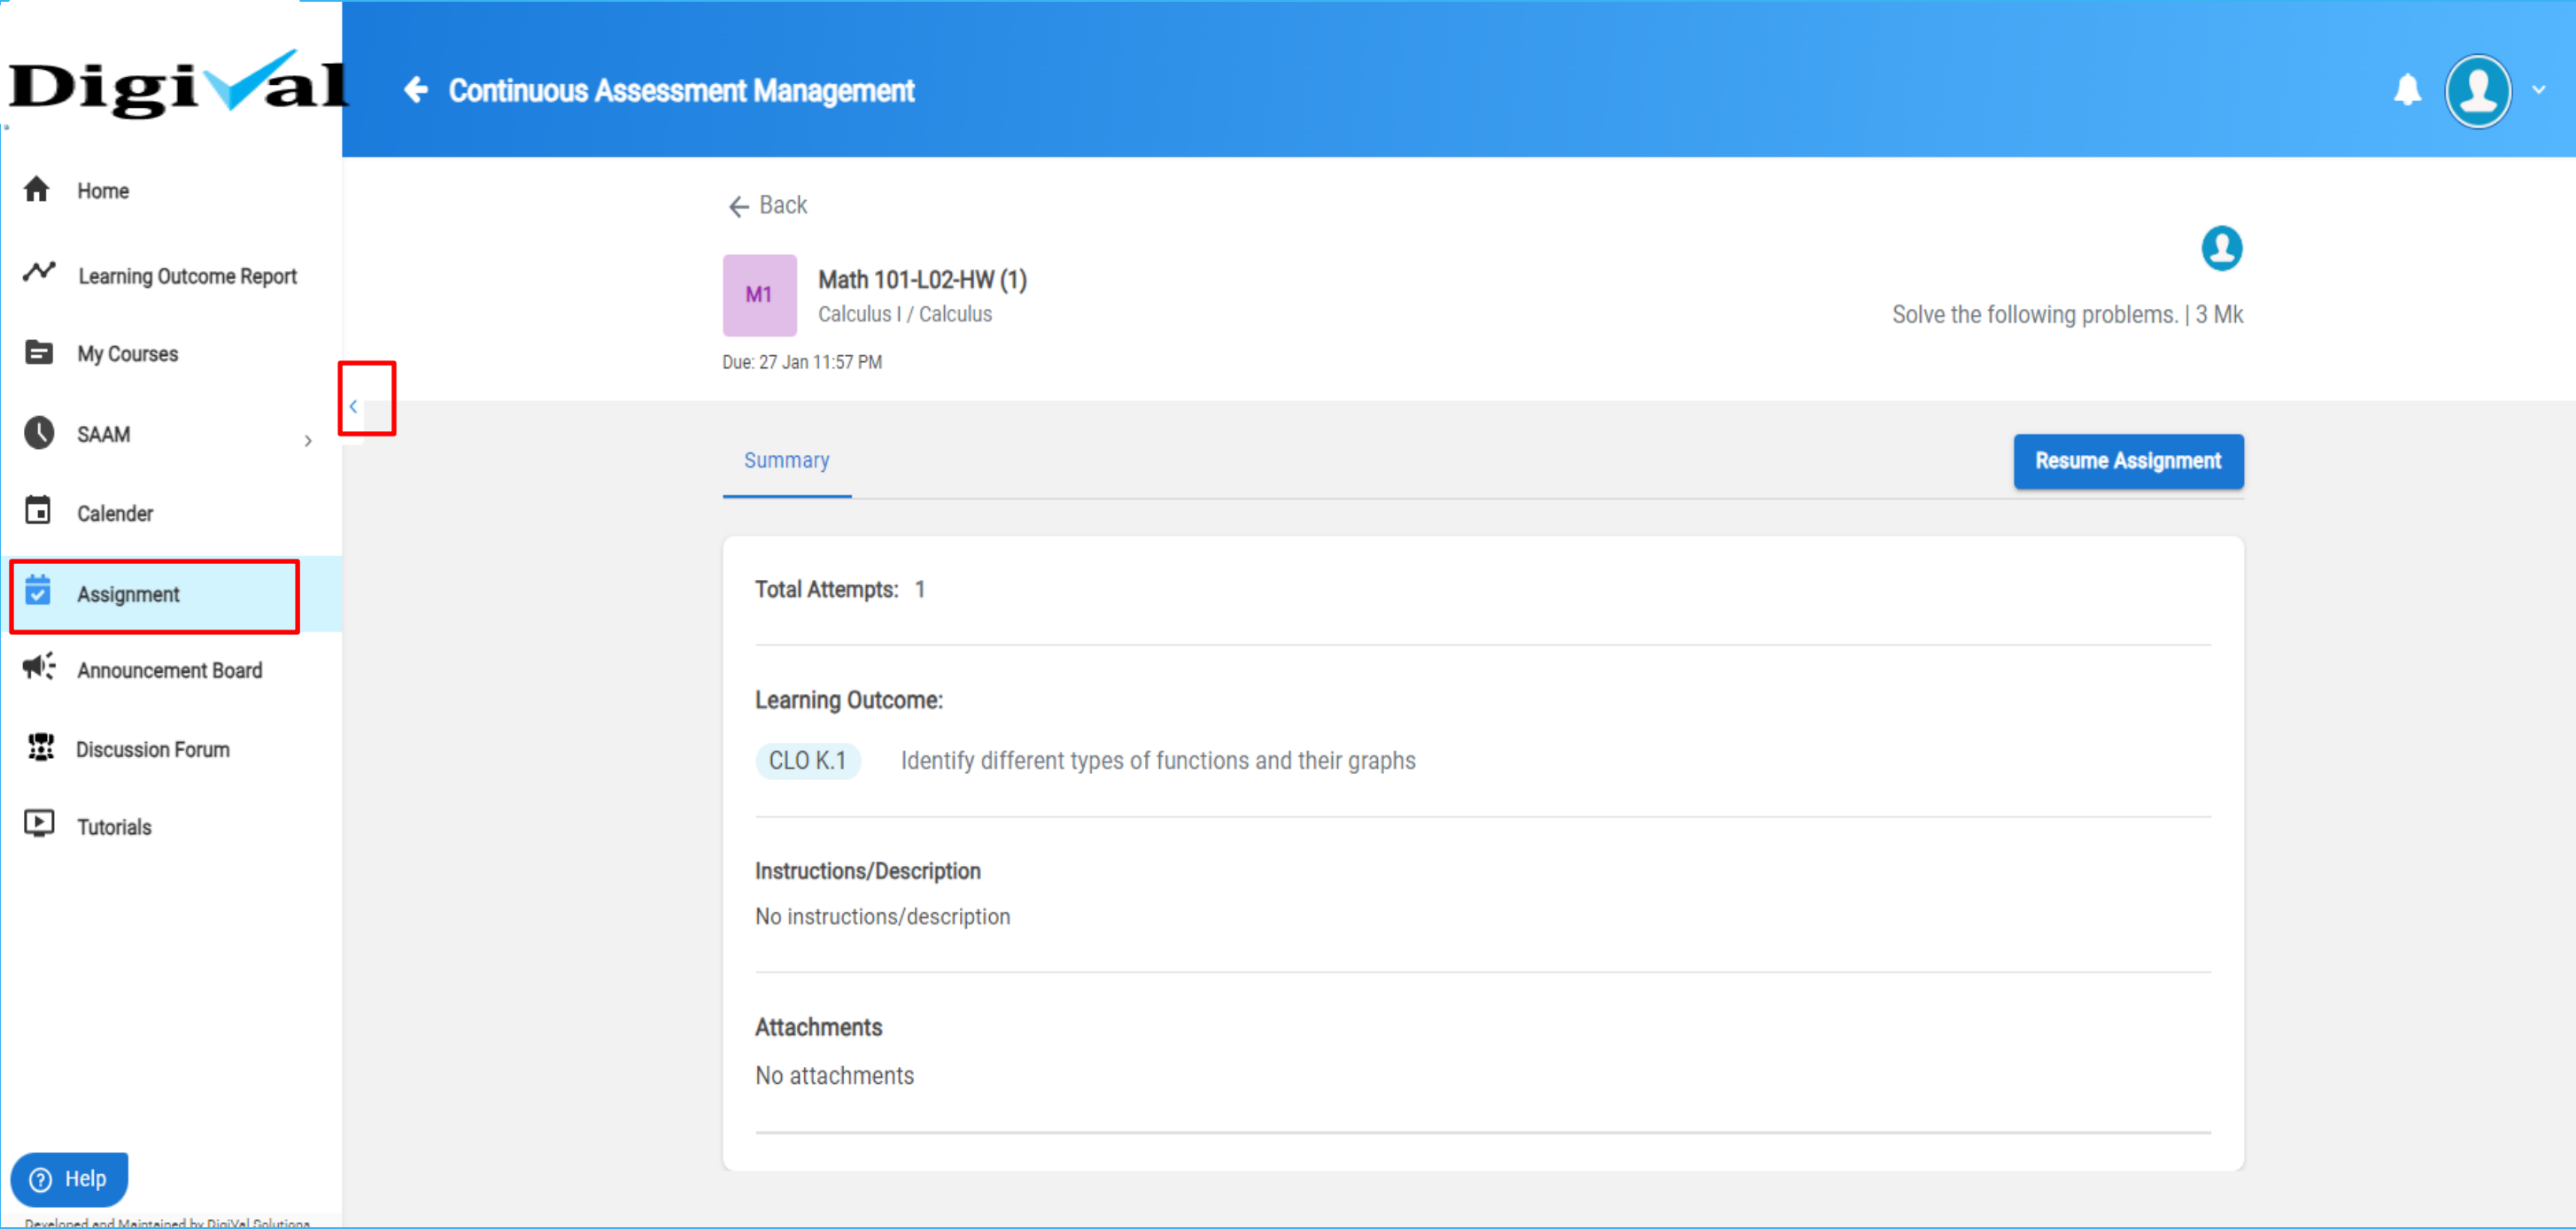

How to use the assignments!

Click on side arrow to open Assignment. See past, due, submitted, completed.

Click Start Assignment and follow instruction by instructor.

Once grade are released, you can see Grade finalized reports.

E-Portfolio!

Click on side arrow to open E- Portfolio

Choose the Academic Year, Course to find your due forms like Daily Log and Rotation Assignment.

Click Start and follow instruction by faculty

Once submitted you can see the progress of approval by TA/ Perceptor and Faculty Supervisor.

Enhancing student engagement through Discussion Forums

DigiClass > Web App for remote
Classroom management

Student engagement through Discussion Forum

The screenshot shows the DigiClass web app interface. At the top, the course is identified as 'GSOS 214 : Work and society' with a 4.0 rating, Department Of General Studies, Year 1, Level 1, Regular. The 'ALL DISCUSSION' tab is highlighted in the navigation bar. Below this, the 'All Groups' section is visible, showing a list of discussion groups under 'ALL COURSE GROUP' and 'COURSE GROUP'. The groups listed are MG-1, FG-1, and MG-1, each with 0 Discussion Topics and a student count.

Group	Discussion Topics	Students
MG-1, FG-1	0	241
MG-1	0	111
FG-1	0	130

Discussion Forum can be used to discuss important topics with entire lecture group or practical/clinical sub- groups

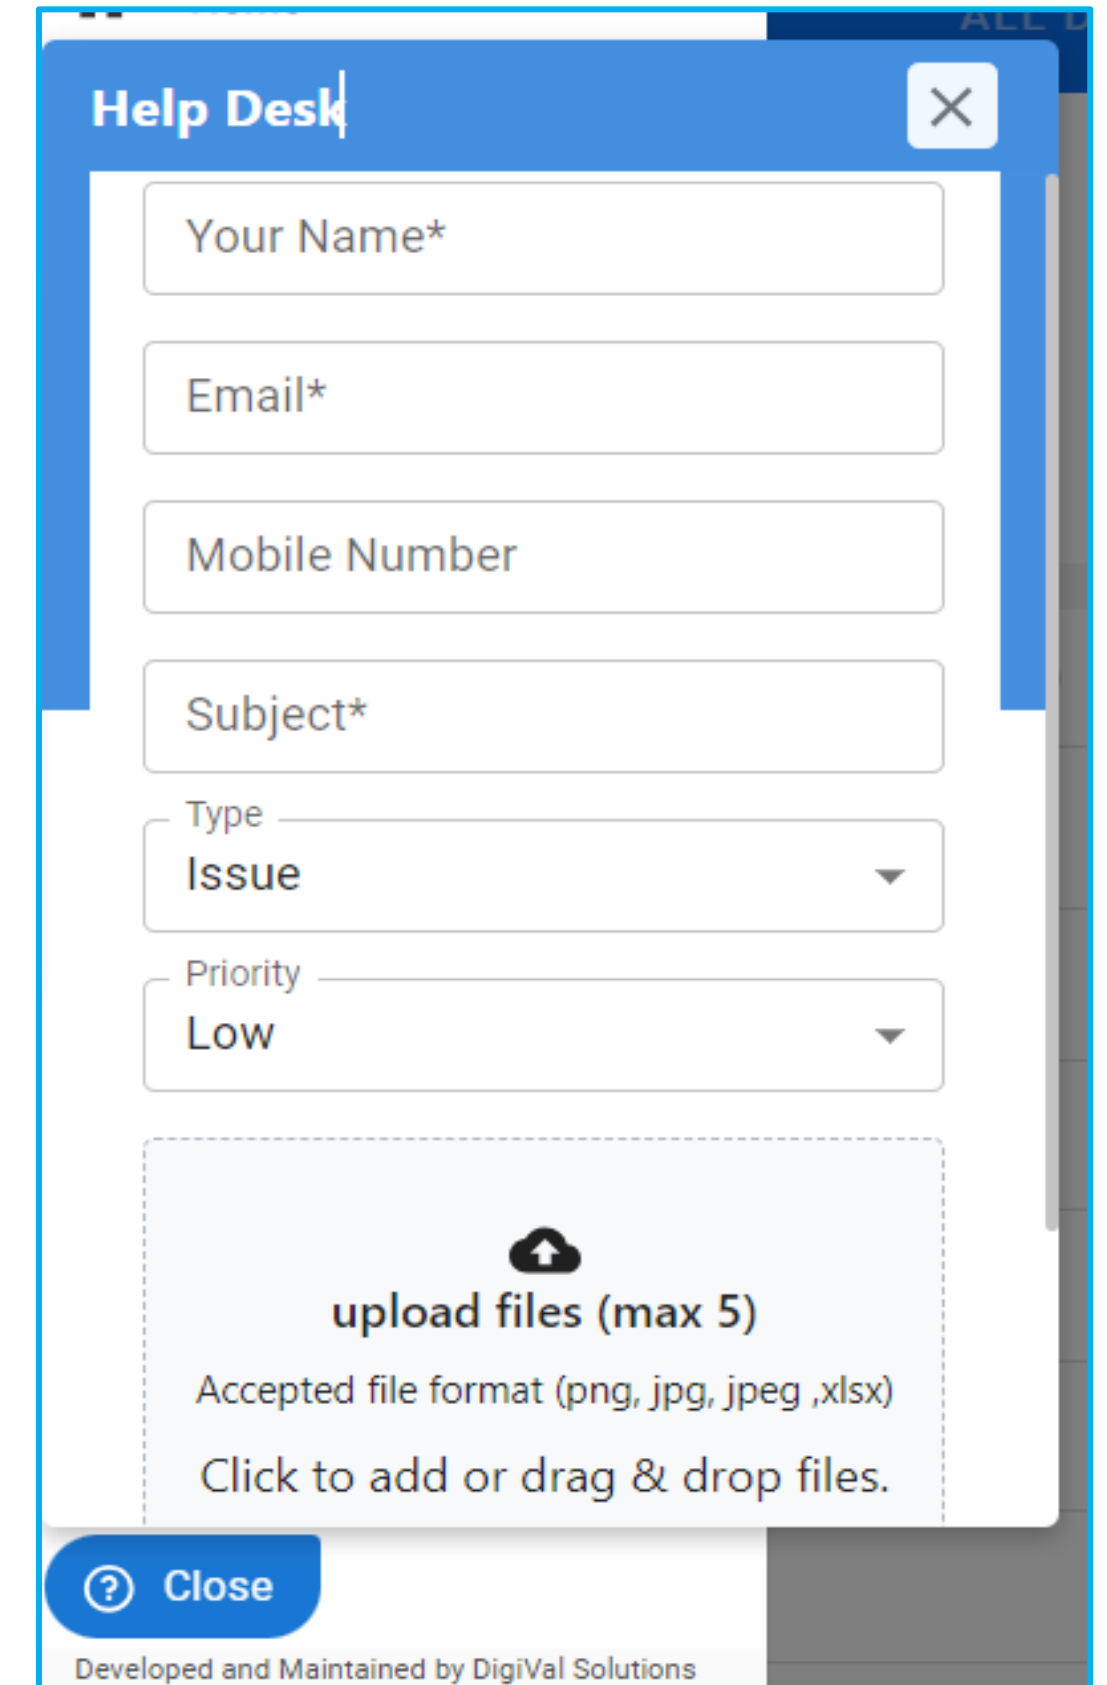

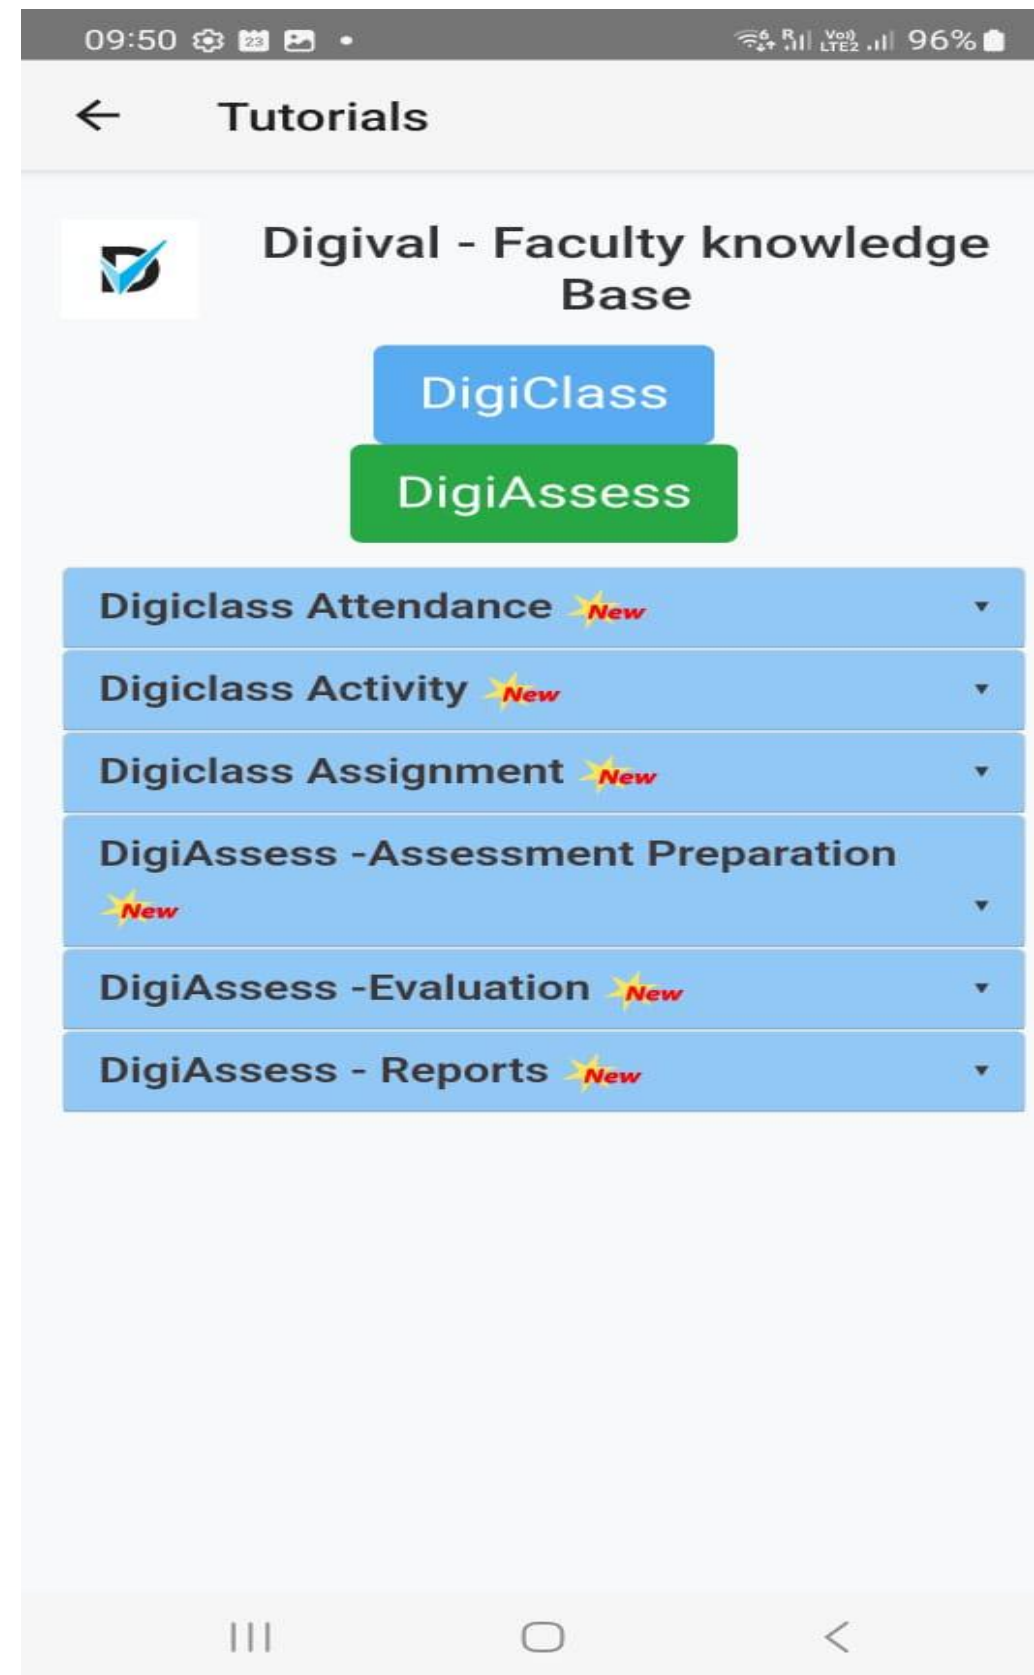

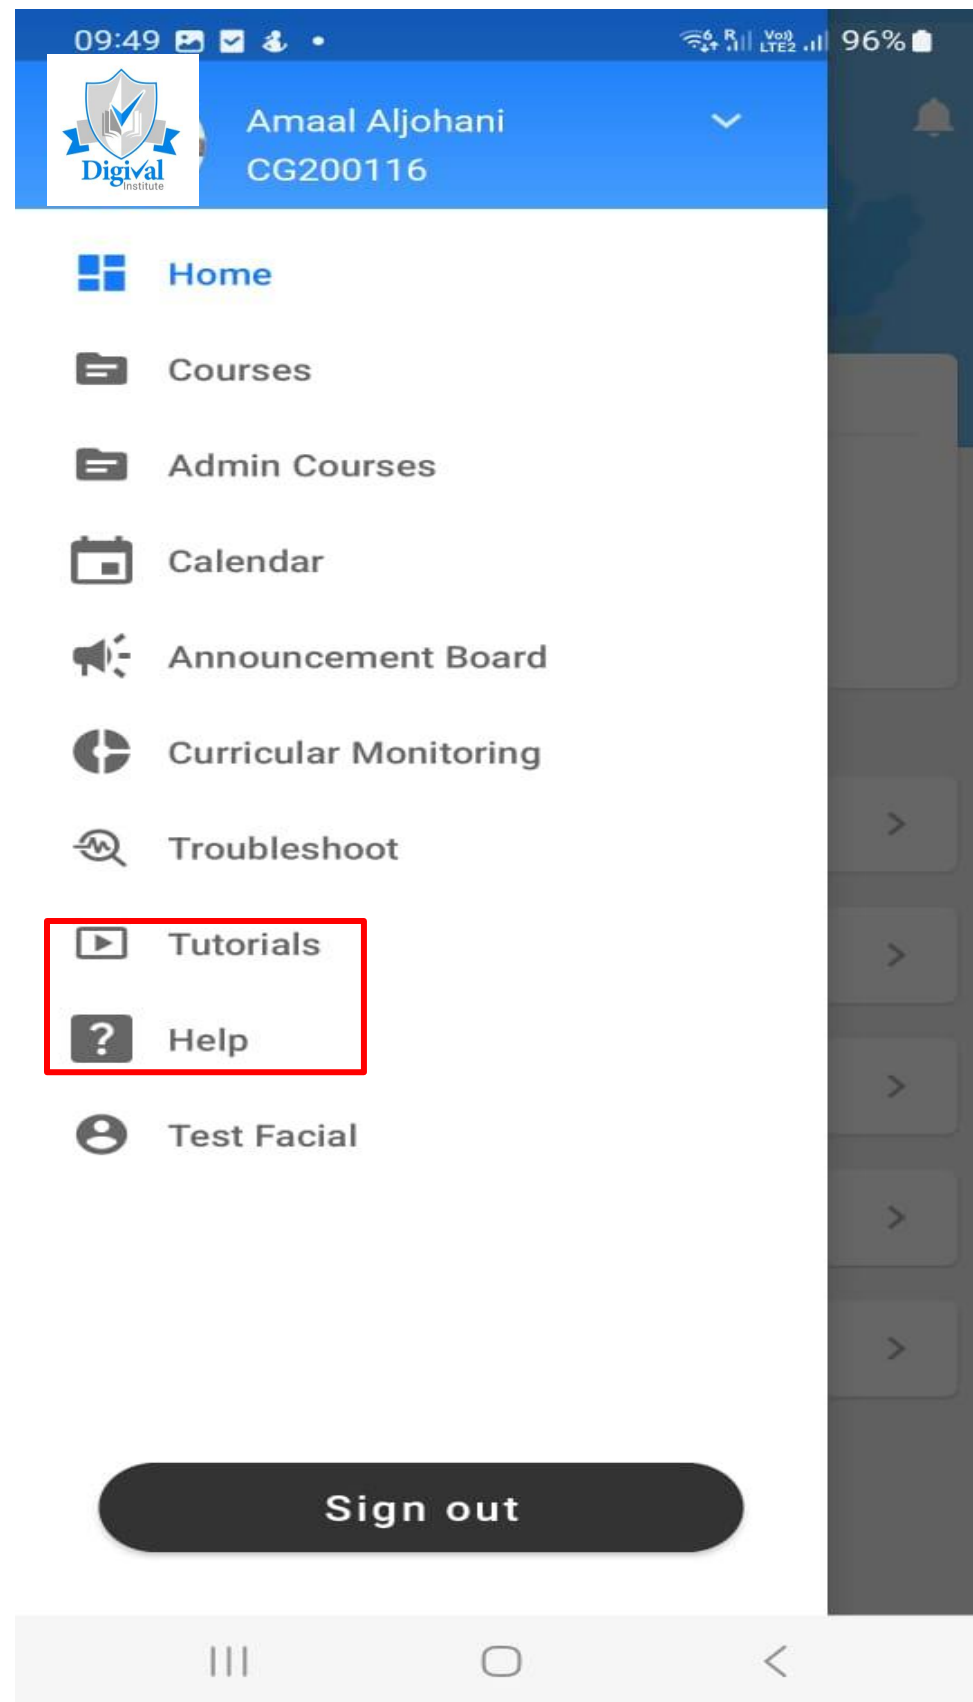

Faculty can attach links. Students can like and comment. Faculty can moderate the student discussions and see the participation of students.
