

Curriculum Vitae

1. PERSONAL DETAILS

Name (as in passport)	Rajani Dube
-----------------------	-------------

2. OBJECTIVE/PERSONAL PROFILE

I am a committed and energetic professional teacher with strong knowledge and practical experience of teaching and training students in Obstetrics and Gynecology for many years. A Gynecologist with an ability to communicate effectively, having good time management ability, strong medical education & research background, comfortable in managing multiple priorities with an ability to manage obstetrical emergencies effectively. I wish to continue teaching and inspiring students to enable them to make professional decisions and to continue lifelong learning as a physician. As a clinician, I intend to hone my skills and devote my time to women with gynecologic health issues.

3. SUMMARY OF CAREER AND ACHIEVEMENTS

An academician with a passion for teaching. Has been involved in student training for 18 years. Has been an external examiner for clinical examinations for various medical colleges in UAE and India. A medical practitioner and expert who is completely involved with patient care adept with 18 years of clinical experience. Currently working as Core Clinical Professor and departmental head- Obstetrics and Gynecology at RAK College of Medical Sciences, RAKMHSU, UAE. Aims at promoting optimal wellness for women and shares a sense of duty and enthusiasm towards the goal of keeping a professional atmosphere. I have a strong dedication to research and training, a willingness to work with all members of the team, am an ardent listener to their suggestions and inputs, and apply these to improve results. Leadership abilities to lead and manage practice/academic staff in providing patients with quality care. Trained in Advanced Laparoscopy, Ultrasonography in Obstetrics and Gynecology, Diabetic care, and Assisted reproductive techniques (ART). Presented many scientific papers/articles at national & international conferences. Experienced in teaching undergraduate MBBS and Postgraduate students as well as assessments including theory and clinical assessments like Mini-cex, and OSCE. Proficient in medical education and teaching methodologies like Problem based learning (PBL), Team-based learning (TBL), and Clinical decision making (CDM) etc.
